Vote the Republican ticket if you desire Statehood for Arizona.

The Republican party of Arizona is pledged to Statehood and it will stand by its pledges.

The Republican club meets at the city hall tonight. Every Republican should be in attendance.

"Ye cannot serve God and Mammon." No man can serve the people as a faithful officer and yield allegiance to a ring of political schemers.

There is much business of importance to come before the Republican club tonight and all Republicans should make it their duty to be on hand.

Tucson's Republican club has rented a large store room, 70x35, for a headquarters and some telling campaign work may be expected from the club.

The Territorial Democratic Convention meets in Phoenix Monday, September 15. Mark Smith will undoubtedly be chosen as the candidate for Delegate to Congress.

With a good road to Prescott and the intervening mines assured, the next step should be to secure a good road to the Harqua Halas. Nothing conduces so much to the progress of a town as good county roads.

Center street is a promising thoroughfare and it will not be long before the single street-car, occasionally run, will merge into a well patronized and profitable street-car line. An extension to the fair grounds would pay for itself in one season.

Every Republican in Phoenix precinct should be in attendance at the club meeting at the city hall tonight. The committee on constitution and by-laws will report and all should be present to have a voice in the laws governing the club.

Says the Graham County Bulletin: "There can be no mistaking the attitude of the Republican party toward the Mormons of this Territory. They have spoken on this question plainly." Indeed they have, and the party will stand nobly by its utterances, too.

No more dastardly crime can be imagined than that of train wrecking wherein the perpetrators take the risk of murdering hundreds of innocent people merely to wreak their vengeance. The offense should be made punishable by death in every State in the Union.

We don't know what the Herald means by the old regime as opposing Mr. Murphy for Governor for we are sure that every man in the Territory friendly to Ex-Governor Wolfley, in common with all good Republicans, earnestly desires Mr. Murphy's appointment.

The Russian government fearing an increase of Chinese colonization in the province of Ussuri and wishing to develop Russian colonization in the Province proposes to place a heavy tax on Chinese and Korean inhabitants and make numerous land grants to Russian settlers.

The Graham County Bulletin favors the organization of an Editorial Association for Arizona and says it will try to have a representative present at any meeting for that purpose. The suggestion of the Herald for a meeting in Phoenix during the Territorial fair is a good one and we hope to see it endorsed by all the papers of Arizona.

In this issue will be found a note from Springerville, Apache County, in which the writer speaks of the practicability of driving cattle from the Salt River Valley to the line of the Atlantic and Pacific Railroad for shipment. This plan is not likely to be looked upon with favor by local farmers, as its tendency would be to drive from the ranges rather than to fatten upon the alfalfa fields. The fact remains, however, that the plan is a good one when the feed along the route is in condition to furnish grazing. In the late fall and winter it would be, of course, out of consideration.

It is understood that in the District Lodge of Good Templars, which met in this city Monday, there was held a very heated debate upon the advisability of putting a Prohibition ticket in the field and carrying into politics the war against liquor. This is a matter which would find little sympathy among the citizens of Arizona, of either party. All summary laws are repugnant to an American's ideas of justice and of freedom, and any movement looking toward the establishment of such laws would meet with failure, prompt and certain.

The Democratic paper is raising the cry of "soreheads" over the outspoken condemnation of the combination's methods by Democrats all over the country. But it is mistaken in its estimate. Because a small knot of schemers so worked the primaries in Phoenix as to obtain control of the county convention is no reason why these schemers should term themselves the simon-pure Democracy and arrogate to themselves every office in sight. The ring is well organized. Its members thoroughly understand the devious ways of political trickery. Under the leadership of the able secretary of their Central committee, they will fight a fight of energy and vigor, in which every voter will be listed, his inclinations tested and his prejudices appealed to, and yet will they fail. The honest sentiment of their own party toward them is one of indignation and men who never before voted a Republican ticket will cast one this fall with a spirit of exultation in the fact that by so doing they are assisting in the downfall of a tyranny that must be overthrown.

MAINLY to the efforts of ex-Governor Lionel A. Sheldon is due the retention of the headquarters of the Department of Arizona at Los Angeles instead of removing them to Santa Fe, as ordered some time ago. Governor Sheldon went on to Washington and there presented the claims of Los Angeles in such favorable light that the original order for a change was revoked. Nor was there any man in Southern California better qualified for the mission than he. Having been Governor of New Mexico from 1881 to 1885 and for the last three years a resident of Southern California Governor Sheldon was ably fitted to meet all arguments pro and con in favor of both Santa Fe and Los Angeles. If the headquarters of the department are to remain outside of Arizona we much prefer to see them at Los Angeles, and congratulate that city on having so able an advocate.

AND now the subsidized Mormon apologists, instead of attempting to parry the truthful charges against Mormon crimes, are beginning personal attacks against Judge Morrison of Apache county, one of the staunch advocates of the anti-Mormon plank in the Republican platform. Such work will but make friends for Judge Morrison. He has lived among the Mormons for a number of years, part of the time virtually carrying his life in his hands by so doing. He is thoroughly conversant with all the infamous teachings and practices of Mormonism and, more, he has the courage to tell what he knows. Furthermore he is a man of honor and of ability and the little dog howling at his heels will be sunk in the depths of oblivion and forgotten when Judge Robert E. Morrison will be honored by the people of Arizona.

A QUESTION that is being thought over by the voters of Maricopa County is this: While the tax roll of Maricopa County is larger by more than a million dollars than it was two years ago, and while the expenses of all the public institutions and salaries of officers should be no more now than they were then, how does it happen that the rate of tax levied is \$2.50 on the \$100, the same as it was then? There is of course a much increased income. Where does it go? The prison and county hospital have no more inmates than then, the county officers are the same and get no larger salaries, there have been no new buildings erected, no improvements made, the interest paid is no larger—and yet the sum of \$25,000 per annum is spent in excess of what was then expended. Who are to blame?

PASSENGERS on the express train that just crossed the rebuilt section of railroad near Picacho, Monday night, say that it was quite an exciting adventure. The train slowly crept along, the rails sinking in the soft earth, under the weight. In the darkness, lit by flashes of lightning, the whole plain appeared one vast sea of water, which in many places covered the roadbed and hid the rails from sight. The locomotive and train, gliding steadily onward, seemed like a novel ship, sailing through a strange sea. Weird figures of section men, some with torches in hand, were passed at their posts, but a few yards apart, standing deep in the flood, carefully watching the progress of the train.

A MOVEMENT is on foot in San Diego for the establishment of a Southwest Exposition in which shall be displayed not only the products, manufactures and resources of San Diego county, but the products, manufactures and resources of all the Southwestern country including California, Arizona, Utah, New Mexico, the western States of Old Mexico, Lower California, Central America and the islands of the Pacific, with special reference to the Sandwich Islands. The scheme is a good one and no better place could be selected for such an exposition than San Diego.

The hearty endorsement of Speaker Reed by the people of Maine is an indication of the sentiment of the country in favor of majority rule. In enforcing parliamentary rules, which declared that one man did not have the right to block legislation, and that a majority of the members of Congress should say what work should go on, the Democrats applied all manner of epithets to Mr. Reed, but Maine's election shows that he has the hearty endorsement of the thinking people of the Nation.

OUR evening contemporary should get a magnifying glass to read with. The point made by THE REPUBLICAN in regard to desert lands was, that they could not be gobbled up in large quantities. It at no time has said, nor could its utterance be construed to mean, that desert lands were not subject to homestead entry under any of the forms prescribed by law.

AN inexplicable jarring and thumping of the water pipes is a source of much annoyance to many householders in the city.

PROCLAMATION OF REWARD.

To whom it may concern:
 WHEREAS, It has come to my knowledge that Ed Baker, eldest son of J. H. Baker, who resides at Lookout, on the Sierra Ancha mountains, about forty miles north of Globe, Gila county, was murdered in a most brutal manner by some person or persons unknown, (though the presence of Indian tracks in the immediate vicinity strongly indicate that the crime was committed by Indians).
 Now, therefore, I, Louis Wolfley, Governor of the Territory of Arizona, by virtue of the power within me vested do hereby offer a reward in the sum of five hundred (\$500) dollars to be paid out of the treasury of the Territory for the arrest and conviction of the person or persons who committed the aforementioned crime.

In testimony whereof I have hereunto set my hand and caused the great seal of the Territory to be affixed.

Done at Phoenix, the capital, this 26th day of July, A. D., 1890.
